

Republic Title

Who we are and why you need title insurance

Who Is Republic Title?

Republic Title is a full service title insurance company that handles the transfer of title and protects the customers' financial investment in a property. Founded in 1991 and locally operated, Republic Title is the authority in real estate transactions and is committed to exceptional customer service. Buying or selling a home is the largest transaction most of us will make in our lives and Republic Title is the smart option for protecting your property rights.

Why You Need Title Insurance.

A title insurance policy is a one-time cost purchased at closing and lasts as long as you have an interest in the insured property. In Texas, title insurance rates are regulated by the Texas Department of Insurance. The rate is based on the amount of coverage provided by the policy. There are two basic types of title insurance:

- *Loan Title Policy*
- *Owner's Title Policy*

Most financial lenders require a Loan Title Policy as security for their investment in your property, just as they require homeowners insurance or other types of coverage for their protection.

Owner's title insurance lets the new homeowner feel safe and confident there are no other claims as to the ownership of the insured property. Among other matters, it insures access to the property, gives the homeowner the right to occupy the property, and provides good and indefeasible title.
